

Health Science Immersion Program (HSIP)

9 Saturday Afternoons: June 10th to August 5th

(1 - 4 pm OR 4 - 7pm PST) Location: Zoom Virtual Classroom

- Gain an Introduction to Your Future Education and Career Opportunities in the Health Sciences Field
- Engage in Speaker Talks From 12+ Working Health Science Professionals & Build Science Research Skills Through a Group Project
- Explore Leadership Skills, College Admissions & Career Pathways in Program Workshops
- Mission Driven, Non-Profit Program That Is Free for Students Who Meet the Family Income Guidelines for the Free/Reduced Lunch Program and a Low Fee for Other Students

*Are you interested in exploring the health sciences, medical care and science research?
HSIP is an accessible, enriching and fun way to learn more this Summer!*

From science research in a laboratory to medical care in a hospital, there are many health science professionals who are transforming society's health outcomes. In Summer 2023, we will give high school students an introduction to the academic, research and professional components of the health sciences field. A key focus of HSIP will be helping students consider their future college experience as well as career opportunities through hearing from speakers, engaging in workshops and taking part in a group research article project. Over the last four years over 975 high school students have been introduced to the health sciences field with HSIP. All current high school students (grades 9 -12) with an interest in the health sciences are encouraged to apply!

- ❖ Engage in lectures from 12+ speakers including Science Professors/ PhD Graduate Students from institutions including UC San Francisco, UCLA, Columbia University & Cal State LA about their research as well as health professionals such as a dentist, medical resident physician, respiratory therapist, medical communications manager & pharmacist about their careers
- ❖ Prepare for college admissions in our facilitator led workshops and engage in our career options and pathways workshops
- ❖ Work collaboratively on a small group research project to build science inquiry and public communication skills
- ❖ Be Part of a Community That Values Learning and Mentorship!

**Interested? – More Info and the Application are at www.impactinternships.org/hsip
Application Deadline: Saturday, May 20th, 2023**
