WINTER 2027

Health Science Immersion Program (HSIP)

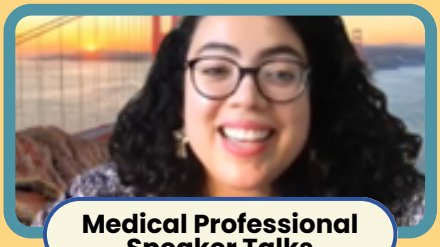

Impact Internships

Are you interested in exploring the health sciences, medical care and science research?

Through health speaker talks, workshops & group projects, HSIP is a chance to explore your future in the health sciences this winter!

Health Science Career Workshops

Medical Professional Speaker Talks

Medical Career Pathways Exploration

Research Journal Group Project

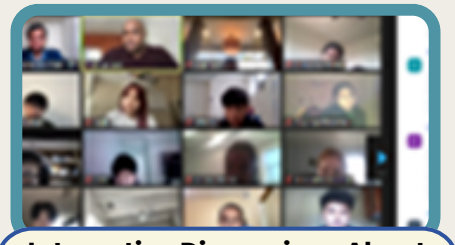

9 SATURDAY AFTERNOONS:
JANUARY 9TH – MARCH 6TH

12 PM – 3 PM PST OR **3 PM – 6 PM PST**

LOCATION: ONLINE VIA ZOOM

Over 9 Saturday afternoons, high school students will explore the health science field by:

- Hearing from healthcare professionals including a physician, a research professor, a dentist & medical communications manager
- Collaborating on group research projects focused on human anatomy, cancer research & neuroscience
- Taking part in clinical case study workshops that give context into healthcare choices and decisions
- Learning about the path to medical school and other health careers such as nursing, pharmacy & dentistry
- Engaging in workshops on healthcare careers, medical specialties, leadership & communication
- Joining a program that has worked with over 1,625 high school students since 2019

Interactive Discussions About Health Career Pathways
